

Integrated Systems Coordinating Committee 2024 Annual Workplan

Snapshot of Regional Priority Topics

Click on the dates in the table heading to review additional details

Q1 Meeting 29 th February, Thursday	Q2 Day 1 Meeting 22 nd May, Wednesday	Q2 Day 2 Meeting 23 rd May, Thursday	Q3 Meeting 15 th August, Thursday	Q4 Day 1 Meeting 6 th November, Wednesday	Q4 Day 2 Meeting 7 th November, Wednesday
<p><u>COMM LIGHTING:</u> <u>Luminaire Level</u> <u>Lighting Controls</u></p> <p>Topic 1: Recent LLLC Market Research and Topic 2: Regional Utility Toolkit (NEEA Update category) <i>30-45 mins each placeholder</i></p>	<p><u>MOTOR-DRIVEN</u> <u>PRODUCTS: Pumps & Circulators (XMP)</u></p> <p>Topic: Pumps 101 <i>45 to 60 mins</i></p>	<p><u>COMM LIGHTING:</u> <u>Luminaire Level</u> <u>Lighting Controls</u></p> <p>Topic: Takeaways from LLLC Projects and how to leverage these insights to bolster demand. <i>At least 90 mins</i></p>	<p><u>MOTOR-DRIVEN</u> <u>PRODUCTS:</u> <u>Efficient Fans</u></p> <p>Topic: Introduction to Efficient Fans and Fans Energy Index <i>35 mins</i></p>	<p><u>COMM HVAC: High Performance HVAC, Very High Efficiency DOAS (VHE DOAS)</u></p> <p>Topic: High-Performance HVAC – TBD</p> <p>PM to check in with Stakeholders and have conversation about coordination and discuss successes or failures <i>Time TBD</i></p>	<p><u>Annual Planning Session</u></p>

Integrated Systems Coordinating Committee 2024 Annual Workplan

Q1 Meeting - 29 th February, Thursday	
Regional Topic (up to 90 mins)	Inform from NEEA <u>Topic 1:</u> Recent LLLC Market Research and <u>Topic 2:</u> Regional Utility Toolkit
Regional Roundtable Update (75-90 mins)	
Ad-Hoc Topic	
Regional Topic Check In (10-15 mins)	
Housekeeping (15 mins)	

Q1 – Luminaire Level Lighting Control

Inform from NEEA

- *Recent LLLC Market Insights (40 mins)*
 - **ISCC Collaborators:** N/A
 - **Topic lead:** Zdanna King, Anne Curran
 - **Desired Outcome:** Shared understanding of insights from recent research. Goal- Discuss takeaways on how this may apply to your programs.
 - **Additional detail:** Sharing market insights from research and evaluation projects done in 2023
- *Regional Utility Toolkit (40 mins to walk through the research and discussion)*
 - **ISCC Collaborators:** N/A
 - **Topic lead:** Britt Cutsforth Dawkins, Anne Curran
 - **Desired Outcome:** Understanding of breadth of regional resources and discussion of how utilities are or could be leveraging them. Goal- discuss ideas that might be helpful to committee members. Discuss how these programs may be leveraged. Repeating an ask reg. projects being featured
 - **Additional topic detail:** NEEA Marketing lead walks thru toolkit

Integrated Systems Coordinating Committee 2024 Annual Workplan

Q2 Day 1 Meeting – 22 nd May, Wednesday	
Regional Topic (up to 90 mins)	Inform from NEEA <u>Topic:</u> Pumps 101
Regional Roundtable Update (75-90 mins)	
Ad-Hoc Topic	
Regional Topic Check In (10-15 mins)	HVAC MPER Update
Housekeeping (15 mins)	

Q2 – Day 1: Pumps & Circulators (XMP)

- Pumps 101

- **ISCC Collaborators:** N/A
- **Topic lead:** NEEA PM - Warren Fish
- **Desired Outcome:** Educational basics from NEEA as well as highlighting opportunities/role for utilities.

Integrated Systems Coordinating Committee 2024 Annual Workplan

Q2 Day 2 Meeting – 23 rd May, Thursday	
Regional Topic (up to 90 mins)	Topic: Takeaways from LLLC Projects and how to leverage these insights to bolster demand.
Regional Roundtable Update (75-90 mins)	
Ad-Hoc Topic	
Regional Topic Check In (10-15 mins)	
Housekeeping (15 mins)	

Q2 – Day 2: Luminaire Level Lighting Control

- Takeaways from LLLC Projects and how to leverage these insights to bolster demand. **Utility Driven**
 - **ISCC Collaborators:** Bill Hibbs (Clark PUD), Nancy Goddard (PAC), Michael Lane/ Andrew Pultorak (PSE), Eric Mullendore (BPA), Walker Dodson (SCL)
 - **Topic lead:** NEEA PM – Anne Curran
 - **Desired Outcome:** Share data and glean insights on LLLC and discuss implications for lighting programs and regional coordination opportunities.
 - **Additional Planning notes:** Timely, seeing LED saturation, where does LLLC fit in to the future of lighting and utility challenges with cost-effectiveness. "Types" includes measures, space types, target markets/audiences, project size, fixture type, wattage, etc. See a connection to Topic #4 - this discussion (data-driven insights) could help inform how to promote LLLCs. Committee members aligning around combining topics. Strong preference to incorporate role of Trade Allies (could do a little profiling - idea to loop in TAN); where do utilities need to be more open about trends like TOU rates and recognize impacts thereof/ how to incorporate into program direction? Consider whether there's space to cover broader context/discussion around NLCs? (e.g. NWE pilot)

Integrated Systems Coordinating Committee 2024 Annual Workplan

Q3 Meeting – 15 th August, Thursday	
Regional Topic (up to 90 mins)	<u>Topic:</u> Introduction to Efficient Fans and Fans Energy Index
Regional Roundtable Update (75-90 mins)	
Ad-Hoc Topic	
Regional Topic Check In (10-15 mins)	HVAC Check In: who's talking about this, who's implementing it
Housekeeping (15 mins)	

Q3 – Efficient Fans

- *Introduction to Efficient Fans and Fans Energy Index*
 - **ISCC Collaborators:** N/A
 - **Topic lead:** NEEA PM – Tamara Anderson
 - **Desired Outcome:** Educational basics from NEEA. Sharing what NEEA is doing in Efficient Fans space.

Integrated Systems Coordinating Committee 2024 Annual Workplan

Q4 Day 1 Meeting – 6 th November, Wednesday	
Regional Topic (up to 90 mins)	Topic: PM to check in with Stakeholders and have talks about coordination and discuss success and or failures.
Regional Roundtable Update (75-90 mins)	
Ad-Hoc Topic	
Regional Topic Check In (10-15 mins)	HVAC Check In: who's talking about this, who's implementing it
Housekeeping (15 mins)	

Q4 - Day 1: High Performance HVAC, Very High Efficiency DOAS (VHE DOAS)

- *PM to check in with Stakeholders and have talks about coordination and discuss success and or failures.*
 - **ISCC Collaborators:** N/A
 - **Topic lead:** NEEA PM – Maria Murphy
 - **Desired Outcome:** Information sharing regarding what's happening around the region
 - **Additional topic detail:** May not be a ton to engage on from utility side, informational updates, light check-in/education along the way could be helpful.

Integrated Systems Coordinating Committee 2024 Annual Workplan

Q4 Day 2 Meeting – 7 th November, Wednesday	
Regional Topic (up to 90 mins)	Annual Planning Session
Regional Roundtable Update (75-90 mins)	
Ad-Hoc Topic	
Regional Topic Check In (10-15 mins)	
Housekeeping (15 mins)	

Q4 - Day 2: Annual Planning

- *Option to conduct annual planning or use as regular meeting time with a new regional topic*
